Coffee Substitutes -  
A Selected List of United States Patents  
Compiled by V. A. Pease,  
Revised by J. A. LeClerc,  
Agricultural Chemical Research Division, Bureau of Agricultural  
Chemistry and Engineering, U. S. Dept. Agriculture

The following list is by no means complete, but it is fairly comprehensive, and gives a good picture of processes and ingredients used in manufacturing partial or complete coffee substitutes.

Domestic patent descriptions may be obtained for ten (10¢) cents per copy from the Commissioner of Patents, United States Patent Office, Department of Commerce, Washington, D. C.
